

Tiny House Project — 8th Avenue (Planned Build)

Address: 8th Avenue, Kea'au, HI 96749 — aka **15-1653 8th Ave**, Hawaiian Paradise Park (HPP), Big Island, Hawai'i **TMK:** 3-1-5-051-153-0000

The Lot

- 1.000 acre, zoned **AG-1**, Flood Zone X, gentle slope, lightly wooded
- Held fee simple by **Kilauea Construction LLC** (acquired via warranty deed 2018-11-20)
- Tax-deed-origin parcel (purchased at tax auction; traces to a 2013 tax foreclosure)

Status

Not yet built. Planned second tiny house — distinct from the already-built Tiny House 1 on 29th Ave. Strategy is **BRRRR**: build a home on the lot, then refinance (not a resale or flip).

The Make-or-Break Issue

Refinance eligibility while the lot is held in an LLC — which depends on obtaining clean title insurance. Because the tax foreclosure fell inside Hawai'i's 20-year look-back window, the parcel was uninsurable until certified. That blocker is now largely cleared: the **Tax Title Services (TTS) Due Process Certification** (Order #T26061504) was issued 2026-08-17.

Where It Stands (as of 2026-08-21)

- **First Hawaii Title cannot insure a refinance** → path is now **Premier Title (Gloria Woo)**.
- Ciro asked Premier to issue the Title Commitment, but the certification attachment didn't come through.
- **Immediate next step:** resend the TTS certification to Gloria Woo (confirm the attachment actually attaches).
- **Other critical-path item:** lender outreach to confirm at least one lender will refinance an LLC-held property (HFS FCU, CU Hawaii, Big Island FCU, MBank, etc.).

Hard Stop Rule

No vertical construction spend until at least one lender confirms **in writing** that a clean ALTA lender's loan policy on this tax-deed-origin parcel satisfies their underwriting.

Four Items to Get in Writing

1. Full title commitment showing all Schedule B exceptions with **no tax-deed / tax-sale carve-out**.
2. An actual copy of the policy to show lenders.
3. Written confirmation a clean lender's loan policy will be issued at refinance.
4. Lender pre-confirmation before any build spend.

Key Contacts

- **Title:** Gloria Woo (Premier Title Hawaii); Jessica Pascua (First Hawaii Title); Jessica Gushard (Tax Title Services)
- **TTS Order:** T26061504

Permitting Note

Plan for permits from the start. If used as a rental dwelling, the 5-19(18) accessory-structure exception will NOT apply regardless of size. Bathroom/plumbing + electrical require permits.
